
Eclisse Glass Sliding Pocket Door System - Single Door Kit Supplied With Line Patterned Glass Door - 125mm Finished Wall Thickness

Product Images

Short Description

- Eclisse complete sliding pocket door kit supplied with 8mm thick line pattern frosted glass door.
- A simple and economical way to solve your en-suite space problems, more space and more light.
- Ideal for use in ensuite bathrooms, kitchens, living rooms and walk-in wardrobes.
- It's the same top quality Eclisse system coupled with an 8 mm frameless glass door. The door has a smooth, easy-clean satin opaque finish and is European made and tempered to the latest European specs.
- Supplied with glass door measuring 762mm x 1981mm with European made glass door brackets which are tested to three times the door weight!
- Supplied with a set of satin stainless steel, 58mm diameter circular handles.

Description

- Eclipse single sliding pocket glass door kit.
- Sliding door kit allows the supplied 8mm thick glass interior door to slide into a "pocket" within the wall cavity.
- Each set includes all the main components needed to install a long lasting, smooth running sliding glass door including steel wrapped studs used to create the wall cavity or "pocket" for the door to slide into.
- This high quality sliding glass door gear kit is suitable for residential and commercial applications. The unique design allows the 8mm glass door supplied to be installed with a finished wall of 125mm.
- Supplied as a kit to create the pocket, which can be fully fitted in under 60 minutes by a skilled installer.
- **This is a complete pocket door kit and is supplied with a frosted 8mm thick glass door with line pattern detailing.**
- Unlike other pocket door systems on the market the Eclipse system **comes supplied complete with timber lining - jamb kits, rubber bumpers and brush seals.**

Supplied Complete With Glass Door

- 8mm thick tempered glass door - satin opaque finish with horizontal line pattern.
- Supplied with a set of satin stainless steel, 58mm diameter circular handles.
- Please note the 8mm glass door is satin opaque finish on one side only. If you're fitting this door inside a bathroom or shower room the satin finish side should be fitted to the dry side (not the bathroom side),

Accessories

- 43129.1 - BIAS anti-slam soft close mechanism.
