

## Pocket Door Touch Latch - For Adjustable Pocket Door Kits - 25mm Throw

### Product Images

### Description

- With a gentle press the pocket door "touch latch" gently ejects the door leaf from the pocket and removes the need for a finger pull to be fitted on the leading edge of the door.
- 95 x 30 x 60mm
- Door mounted touch latch
- Deploys door leaf 30mm
- Replaces track mounted catch/magnet
- Can be used with self-closer/damper options
- Suitable for door leaves up to 80kg
