

## Lift Handle To Lock - Accessible Roller Lock & Handle Set For Disabled WC Toilets - Satin Stainless Steel

### Product Images

## Short Description

---

- Lift handle to lock toilet door set.
- Made from grade 304 satin stainless steel.
- Supplied with roller ball mortice lock set, return to door handles, indicator and lift handle to lock sign.

## Description

---

- Toilet / WC lock designed especially to comply with Approved Doc M, DDA & BS8300

## External / Outside access:

- The roller latch bolt is operated externally with one half of the unsprung lever set, this release the roller latch bolt as normal
- Underneath the lever is the release & indicator, this operates in the same manner as bathroom type coin releases

## Internal / Inside access:

- The internal side of the lever set will be configured such that, the latch bolt is blanked off with an engraved covered escutcheon
- The deadbolt features the second lever handle, and by throwing the handle up "extends the deadbolt" & locks the door
- By turning the handle down the deadbolt is withdrawn, further downward action of the lever withdraws the roller latch bolt, allowing exit

- This unique toilet lock comes in a complete set as shown in the photographs
- Lock Case Satin stainless steel forend & strike plate. Roller bolt latch (less likely to cause injuries or damage to clothing than a normal latch bolt)
- Separate deadbolt with 78mm centres and 60mm backset
- Furniture 19mm diameter stainless steel levers
- Lettering black letters on stainless steel background "lift handle to lock"

## Base Material

- Handle made from grade 304 satin stainless steel

## Finish Details

- Finish Satin stainless steel - (brushed finish)
