
Tubular Mortice Latch - 96mm Deep Latch With 76mm Backset For Use With Door Knobs - Polished Brass Plated

Product Images

Description

- Long tubular mortice latch.
- 96mm deep latch with 76mm backset to the centre of the spindle.
- Ideal for use with mortice knobs as the large backset helps to throw your hands and knuckles away from the edge of the door frame.
- Polished brass strike plate and forend, ideal for use with polished brass door knobs.
- Basic latch ideal for use with door handles fitted in residential properties.
- Can be used with a rebate kit for double rebated doors.

- This latch has a medium weight spring making it ideal for use with sprung or un-sprung door knobs.

Operation

- Latch is withdrawn via a door handle from either side of the door (handles sold separately).

Features

- Medium weight springing.
- Solid brass latch.
- 8mm x 8mm spindle follower (to suit standard UK size spindles).
- Latch can be reversed on site by turning the latch upside down.
- Reversible frame mounted strike plate.
- Suitable for use on internal doors in residential buildings.

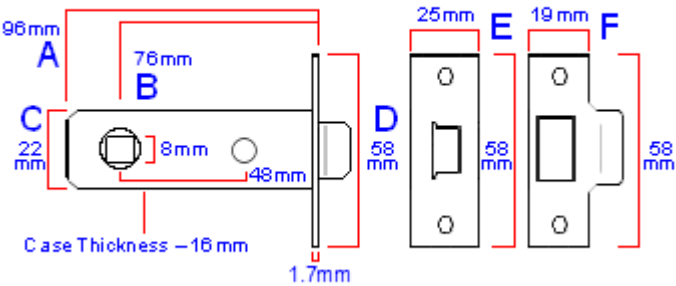

Finish

- Polished brass.

Alternative Finishes Available

- Nickel plated.
