Important Info Before You Buy

- Broad butt projection hinges are used to help project or "throw" a door past an obstruction so it can fold back on itself 180degrees

- Suitable for wooden doors
- Base material is brass highly polished with lacquer protection
- These hinges are suitable for heavy doors. The broad butts have large knuckle and phosphor bronze washers providing much greater strength and wear-ability compared to parliament hinges
- Hinges are sold and priced in pairs and come supplied with screws
