

Soft Close Mechanism For Matt Black Luna & Rea Sliding Door Gear Systems - Max Door Weight 60kg - Pair

Product Images

Description

- Soft close mechanism suitable for use with the matt black **Luna & Rea** sliding door gear systems.
- The damper or "soft-close" unit catches the door in the last few centimetres and gently pulls it into the fully closed position thus avoiding slamming which alleviates stress on the surrounding door frame and helps prevent finger traps.
- Suitable for doors up to 60 kg in weight.
- Supplied as a set of 2 soft close devices (1 x left hand & 1 x right hand) which can be used in the following ways:
 - Soft closing - by fitted to closing side of the track only.
 - Soft opening - by fitted to the opening side of the track only.
 - Soft close & opening (both directions) - by fitting the soft close devices to either side of the track.
- Discrete fitting, the soft close device fits behind the face of the track.
