## Tubular Mortice Latch - CE / UKCA Marked - Fire Rated - Certifire Approved - Black Nickel

### Product Images

---

### Description

---

- Black nickel finish double sprung tubular latch.
- Architectural finish - black nickel forend and strike plates ideal for use with matt bronze and dark bronze finish door handles.
- Supplied with black back box for fitting behind the strike plate in the door frame.
- Ideal for use with door handles fitted in residential projects.
- Available in 76mm or 97mm case depths.
- Bolt through fixing holes at 38mm apart, allows this latch to work in conjunction with bolt through round rose door handles.
- This latch has a medium weight spring making it ideal for use with sprung door handles.
- **Please note this 97mm latch is not CE Marked / UKCA Marked, therefore is NOT suitable for use on fire doors.**

### Operation

- Latch is withdrawn via a door handle from either side of the door (handles sold separately).

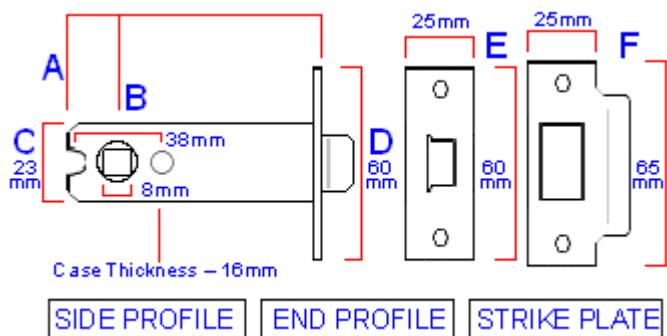

## Features

- Double sprung, with medium weight springing with lightly sprung latch bolt (allows the door to latch into place with little friction).
- Solid brass guided latch.
- Bolt through facility for bolt together fixing lever handles and accessories at 38mm centres.
- 8mm x 8mm spindle follower (to suit standard UK size spindles).
- Latch can be reversed on site by twisting the latch through 180 degrees.
- Reversible frame mounted strike plate.
- Supplied with black back box for fitting behind the strike plate in the door frame.
- Suitable for use on internal doors in residential properties.

## Finish

- Black nickel.

## Dimensions

Available in four different sizes

- 43471.1 - 76mm case depth (57mm backset)
