
Self Closing Mechanism To Suit Eclisse Double Door Kits - Including FD30 Fire Rated Double

Product Images

Description

- Self closing mechanism to suit Eclisse **double** sliding pocket door systems.
- Suitable for use with the FD30 fire rated double door kit.
- Once the sliding door has been opened this device makes the double doors close behind you.
- Closing speed can be adjusted.
- Can be used in conjunction with the Eclisse anti-bias soft closing mechanism to allow the door to quietly and softly close in to position.
- **Suitable for use with the Eclisse FD30 double sliding door kit only (43763).**

- Please note TWO self closing kits are required per double door kit.
