## Plain Letter Plate 254mm x 76mm (10" x 3") - PVD Non Tarnish Stainless Brass

### Product Images

---

### Description

---

- 10 inch x 3 inch - (254mm x 76mm) Plain style letter plate.
- This letter plate has a PVD Brass finish which comes with a 25 year non tarnish guarantee making it ideal for outside external use.
- PVD is a process where a metal item is placed inside a vacuum chamber and coated in a thin layer of molecules of hard-wearing metals such as Zirconium. This layer of hard-wearing molecules is so strong it stops the brass from tarnishing. (Turning brown.)

## Finish Details

- PVD - Non tarnish brass
- 25 year guarantee that the brass will not tarnish (turn brown.)
- PVD brass is a gold colour with a high mirror like shine. PVD Brass is very similar to polished brass but the PVD is slightly richer in colour.
- The PVD finish is ideal for external use and exposed locations such as coastal areas where the salty sea air would cause regular polished brass items to tarnish very quickly.

### Dimensions
