
Narrow Style Locking Fitch Fastener - Comes With Key - For Double Glazed Sash Windows - Polished Brass (Lacquered)

Product Images

Description

- Narrow pattern locking fitch fastener for sliding sash windows
- Narrow back plate pattern is designed for use on modern double glazed sliding sash windows with very narrow meeting rails
- 11mm deep back plate
- Lockable via allen key and grub screw - when the grub screw is protruding from the back plate, the arm can not be twisted open
- When the fastener is in the closed position (when the arm is engaged in the receiver plate by twisting it through 180 degrees) the sliding sash window can not be opened

Finish

- Polished brass

Dimensions
