Architectural Quality DIN Style Euro Profile Mortice Deadlock - CE / UKCA Marked - Fire Rated - Certifire Approved - Satin Brass Plated

Product Images

- DIN standard mortice dead lock.
- Case size 150mm x 85mm.
- 60mm backset
- Satisfies BS 8300 and Approved Doc M (ADM). Suitable for use in public and commercial buildings.
- For use on doors that need to be locked only and do not require a pair of lever door handles.
- Must be used in conjunction with a Euro profile cylinder (sold separately).

Operation

- Dead lock operated via a Euro profile cylinder (sold separately).
- One single turn of the key or thumbturn on the Euro cylinder will completely throw the 20mm dead bolt.

Features

- Heavy duty lock case and stainless steel striker plate for the door frame.
- Solid stainless steel deadbolt.
- Bolt through facility for bolt together fixing of lever handles and accessories at 38mm centers.
- 10 year mechanical guarantee as standard.
- 20mm bolt throw with a single turn of a key.
- Reversible and adjustable strike plate.
- Complete with black plastic frame box keep to sit behind the strike plate.

Finish

• Satin brass
