
Octagonal Pattern Centre Front Door Knob - PVD Non Tarnish Brass

Product Images

Description

- Octagonal shape centre front door knob
- This centre door knob has a PVD Brass finish which comes with a 25 year non tarnish guarantee making ideal for external use.
- PVD is a process where a metal item is placed inside a vacuum chamber and coated in a thin layer of molecules of hard-wearing metals such as Zirconium. This layer of hard-wearing molecules is so strong it stops the brass from tarnishing (turning brown).

- Usually fitted in the middle or centre of a front door this knob is designed to be used as a handle to help pull the door closed with

Finish

- PVD non tranish brass - a gold colour with a high mirror like shine. PVD Brass is very similar to polished brass but slightly richer in colour

Dimensions

- Knob Diameter - 64mm
- Base plate Diameter - 79mm
- Projection From Door - 75mm
