
Deedlock Power Supply Units - 12V - 2 AMP - Switch Mode - White

Product Images

Description

- These high efficiency and cost effective units are ideal for use in intruder, access control and general security applications.
- 12V DC - 2AMP - PSU

Features

- High efficiency electronics for reduced running costs and lower operating temperatures
- Installer safe design with all high voltage electronic fully shrouded
- Full electronic short circuit and overload protection on load output under mains operation
- Mains transient protection
- Lid open and REAR anti-vandal tamper detection
- Green Mains Present LED
- Red Fault LED

The power supply units meet the essential requirements of the following European Directives:

- Low Voltage 2006/95/EC
- EMC 2004/108/EC
- WEEE 2002/96/EC
- RoHS 2002/95/EC

Finish

- White

Size Information

- Height - 200mm
- Width - 240mm
- Depth - 75mm

Fixings

- Supplied with matching screws.

Unit Of Sale

- Sold individually - Each
