- Projection From Door - 90mm

Important Info Before You Buy

- For mortice knobs - Where possible we recommend a minimum latch / lock, depth of 102mm To clear your knuckles away from hitting the stop on the door frame, when closing the door.
- This door knob is unsprung and requires a double sprung tubular latch.
- For any key locking internal doors where mortice knobs are being fitted we recommend fitting a horizontal mortice sash lock.
- For any bathroom doors locking via a thumbturn system we recommend fitting a horizontal bathroom mortice lock.
- Grub screw fixing to spindle for extra strength on the door
- Sold and priced as pairs
