

Sash Stops - 19mm - Sliding Sash Windows Locks - Aged Brass Unlacquered

Product Images

Description

- Sliding sash window stop locks
- Pack of two stops supplied with four inserts, four strike plate and one key
- Strike plates are fitted to the top of the bottom sash to prevent damage
- Ideal for meeting insurance requirements for locking sliding sash windows.
- Two inserts provided per stop allows the sash window to be locked in the closed or in the open position.
- The threaded stops are screwed into inserts located in the top sash by use of key, this prevents ("stops") the sashes passing Pair other, hence the window is locked and can not be opened.
