

## Single Door Lobby / Corridor With Electromagnetic Hold Open Door Closer - Ironmongery Kit - Suitable For FD30 & FD60 Fire Doors - Satin Stainless Steel Ironmongery

### Product Images

## Description

---

Our lobby / corridor kit with electromagnetic hold open door closer is ideal to specify or purchase for single doors in blocks of flats, offices, schools, hotels and hospitals, that require doors to be held open.

This non locking kit is supplied with a pull handle and push plate to open the door with and an electromagnetic hold open door closer.

Door closer supplied is hardwired into the fire alarm system and allows a fire door to be held open legally. In the event of a fire, the power is cut to the closer allowing the fire door to close.

High performance ironmongery including grade 14, concealed nylon bearing fire rated hinges (maintenance free with no grease) and a high quality EN1154 2-5 power overhead door closer.

Products tested for use on 30 minute FD30 and 60 minute FD60 timber fire rated doors and frames.

- Our FD30 kit is supplied with **1mm** thick intumescent hinge pad liners
- Our FD60 kit is supplied with **2mm** thick intumescent hinge pad liners.
