Short Description

- Lift handle to lock toilet door set
- Supplied with roller ball mortice lock set, return to door handles, indicator and lift handle to lock sign

- Toilet / WC lock designed especially to comply with Approved Doc M, DDA & BS8300

External / Outside access:

- The roller latch bolt is operated externally with one half of the unsprung lever set, this release the roller latch bolt as normal
- Underneath the lever is the release & indicator, this operates in the same manner as bathroom type coin releases

Internal / Inside access:

- The internal side of the lever set will be configured such that, the latch bolt is blanked off with a engraved covered escutcheon
- The deadbolt features the second lever handle, and by throwing the handle up extends the deadbolt & locks the door
- By turning the handle down the deadbolt is withdrawn, further downward action of the lever withdraws the roller latch bolt, allowing exit

- This unique toilet lock comes in a complete set as shown in the photographs
- Lock Case Matt White forend & strike plate. Roller bolt latch (less likely to cause injuries or damage to clothing than a normal latch bolt)
