
Gio Lever Multi Point Door Lever Handles - 92mm Euro Centres - 259mm Bolt Centres - 285mm x 44mm Back Plate - Matt Bronze (Lacquered)

Product Images

Description

- Designed for use with multi-point locking systems on timber, UPVC and composite doors
- The handles are designed for use on external doors including front door, back doors and French patio doors
- Lift handle to lock system designed to work with the majority of new multi-point locking systems
- The square backplate is fitted with a special spring to allow the handle to lift to lock and ensuring smooth operation every time

Operation

- Lever handle on either side of the door
- Lift handle to lock
- Our Multi Point Door Hardware is fixed by two bolts from the inside plate to the outside plate
- See below for handing.
