Important Info Before You Buy

- Broad butt projection hinges are used to help project or "throw" a door past an obstruction so it can fold back on its self 180degrees

- Suitable for wooden doors
- Stainless steel base material, suitable for internal or external use.
- The grade 13 certification allows the hinges to be used on doors up to 120kg in weight and is up to 1 hour fire resistant
- To meet fire regulations 3 hinges must be fitted per door and intumescent pads must be fitted behind each leaf.

Unit Of Sale

- Hinges are sold and priced in **pairs (2 hinges)** and come supplied with fixing screws.
