
Front Door Guard (Hotel Room Guard) - Antique Brass (Gloss Lacquered)

Product Images

Description

- Front door guard
- Stronger alternative to standard security door chain
- Commonly seen and used on hotel rooms
- When the door is in the closed position, The female section folds over the male. When the door is opened, the male slides to the end of the female part restricting the door to opening approximately 3" allowing you to see who's at the door without having to compromise security by opening it fully

Finish

- Antique Brass (Gloss Lacquered)

Dimensions

- Fixing Back plate Height - 104mm
- Fixing Back plate Width - 58.2mm
- Depth - 19mm

Important Info Before You Buy
