Important Info Before You Buy

- Our flush door hinges are suitable for wooden doors
- Flush door hinges are only suitable for doors that inset the cabinet carcass - (see below diagram)

- Base material is steel with a bright zinc plated finish
- Flush hinges are "easy fit" non mortice - No chiselling required just screw straight on to door and carcass
- Leaf "D" folds into leaf "C" to allow the hinge to close together "flush"
- Each - (1 Hinge)
