
Cranked Pin For Flush Fitting Casement Windows - Polished Brass (Lacquered)

Product Images

Description

- Cranked pin for flush fitting windows.
- Used when the window and frame sit flush when in the closed position.
- Cranked pins are designed to replace the standard pins provided with a window stay
- This pin screws to the side of the window frame. The stay will then lay on top of the pins rather than resting on a window frame.

Finish

- Polished brass

Dimensions

- Backplate - 39mm Wide x 19mm High
- Pin Height - 27mm
- Pin Diameter - 8mm

Important Info Before You Buy

- Suitable for wooden windows
- Sold individually - please note two pins are normally required per stay
