## Description

- ER20-OS 71 Kos lever from the Karcher Design door handle collection. A contemporary mitred design "return to door" tubular safety lever handle.
- High architectural quality.
- Made from grade 304 stainless steel - Satin finish.
- Uses the patented Karcher Design 3 piece rose fitting system to make these handles very strong once fitted to the door.
- 10mm screw on outer rose.
- Suitable for residential or commercial properties and public buildings.
- Shape and design are compliant to Approved Doc M (ADM) and meet the dimensional requirements of BS 8300. These handles are suitable for use in commercial properties.

Inclusive Design

BS 8300 / ADM COMPLIANT

Lever Handles Tested To:

BS EN 1906 : 2001

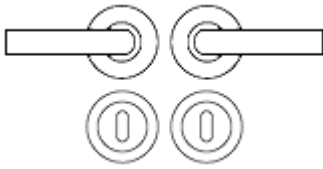

- Matching satin stainless steel accessories available including Standard escutcheons (keyhole covers), Euro profile escutcheons a bathroom turn & release set and a disabled bathroom turn and release set with a long easy grip thumbturn.
- Please allow approximately 7 days for delivery.

- **Turn & emergency release** - (a thumbturn used to lock bathroom doors, WC's and toilet doors)

## Base Material

- Made from grade 304 stainless steel.

## Finish Details

- Satin stainless steel - a grey colour with very slight golden undertones. The raw stainless steel has been "brushed" to produce visible brush marks in the surface of the item.

## Operation

- Both levers are sprung to ensure the lever always returns to its starting position

## Dimensions

- Diameter - 52mm
- Thickness - 10mm
- Lever Diameter - 19mm
- Lever Length - 143mm

## Spindle Size

- 8mm x 8mm square - UK Standard.

## Fixings

- Comes supplied with male and female bolt through fixings and 8mm spindle.
- Grub screw fixing to spindle for extra strength once fitted to the door.
- Lever is fitted to the door using the Karcher Design patented 3 piece rose system.

# Usage

- Suitable for residential or commercial use.
- Suitable for internal or external use.

# Standards This Product Conforms To
