

Internal Flap Letter Plate Tidy - Satin Nickel

Product Images

Description

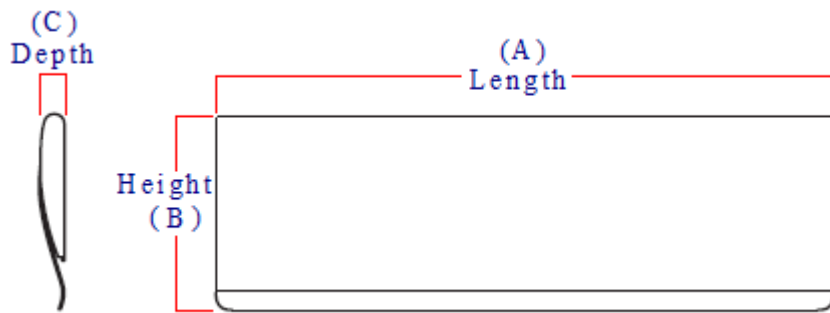

- Satin nickel internal flap for the inside of a front door.
- This plate is designed to cover the hole made by fitting a letter box into a front door.
- Known as a letter plate tidy as it tidies up the appearance of the inside of the door.
- Helps to cut down on draught coming through the letter plate and helps to stop people looking through hole.
- Available in two sizes

Finish

- Satin nickel - (brushed finish)

Dimensions

Item Code	Length (A)	Height (B)	Depth (C)
30813.1	280mm	76mm	12mm
30813.2	299mm	86mm	12mm

- Designed to cover the hole on the inside of the front door where the letter plate has been cut out for.
- Letter tidy plates have a curved shape which allows them to sit on top of the fixing bolts and domed nuts used to secure a letter plate in place.
- Screw fixes to the back of the front independently of the letter plate.

- Comes supplied with fixing screws and two brackets hanging brackets.
- For the right size letter tidy - Make a note of the distance between the bolt centers of your letter plate and the height of the aperture. Choose a letter tidy that is slightly longer and higher to make sure you cover the hole and bolts in the door.
