Product Images

Description

- Euro profile British Standard rated cylinder deadlock with internal thumb-turn operation.
- Kite marked security lock for front doors. Tested to the British standard BS 8621.
- Keyless egress (door can be locked and unlocked from the inside without the use of a key).
- Meets fire regulations for locking front doors to flats in multi-dwelling buildings. (In an emergency situation the user can always escape and unlock the door without the use of a key).
- Insurance approved, BS 8621 rated.
- Key operation from the outside and thumb-turn operation from inside of the door via Euro profile key / turn cylinder.
- Complete set comes supplied with 1x mortice lock, 1x 70mm euro profile 6 pin cylinder and 2x security escutcheons.
- PVD brass finish.
- Police preferred specification - Secured By Design (SBD) approved with anti-pick and ant-drill pins.

- Mortice lock available in two sizes 64mm or 76mm (case depth).
- Supplied with 3 keys

Operation

- Key / Turn double cylinder - key operation from outside side (secure side) and thumb turn operation from the inside of the door (non secure side).
- The door can be locked and un-locked by turning the thumb turn knob from the inside of the door or via key on the outside of the door.
- Comes supplied with 3 keys and a cylinder fixing screw.
- Key differed - if ordering more than one, the cylinders will come with different keys.
- Suitable for use on timber doors.

Features

- Heavy duty lock case and stainless steel receiver plate for the door frame.
- Solid stainless steel deadbolt and latch.
- 20mm bolt throw with a single turn of a key.
- 10 year mechanical guarantee as standard.
- Supplied with security escutcheons.

Security Level

- 6 pin BS rated cylinder tested to BS EN 1303.
- Stainless steel deadbolt with 20mm throw.
- Police preferred specification - Secured By Design (SBD) approved.
- Special anti-pick pins inside cylinder.
- Anti-drill with stainless steel hardened inserts in cylinder housing and plug.
- Anti-drill, anti-hammer and anti-snap security escutcheons.
- High security, suitable for use on external front doors.
- **Note** If fitting a thumb turn cylinder to a front or back door be aware that if a burglar were to break any glass in the door they could in theory reach down to thumb turn and unlock the mortice lock.

Finish

- PVD brass - (shiny brass finish).

Alternative Finishes Available

- Polished stainless steel
- Satin stainless steel
