

Soft Close - Ball Bearing Drawer Runners - Full Extension - Front Disconnect - 35kg Weight Limit - Zinc Plated

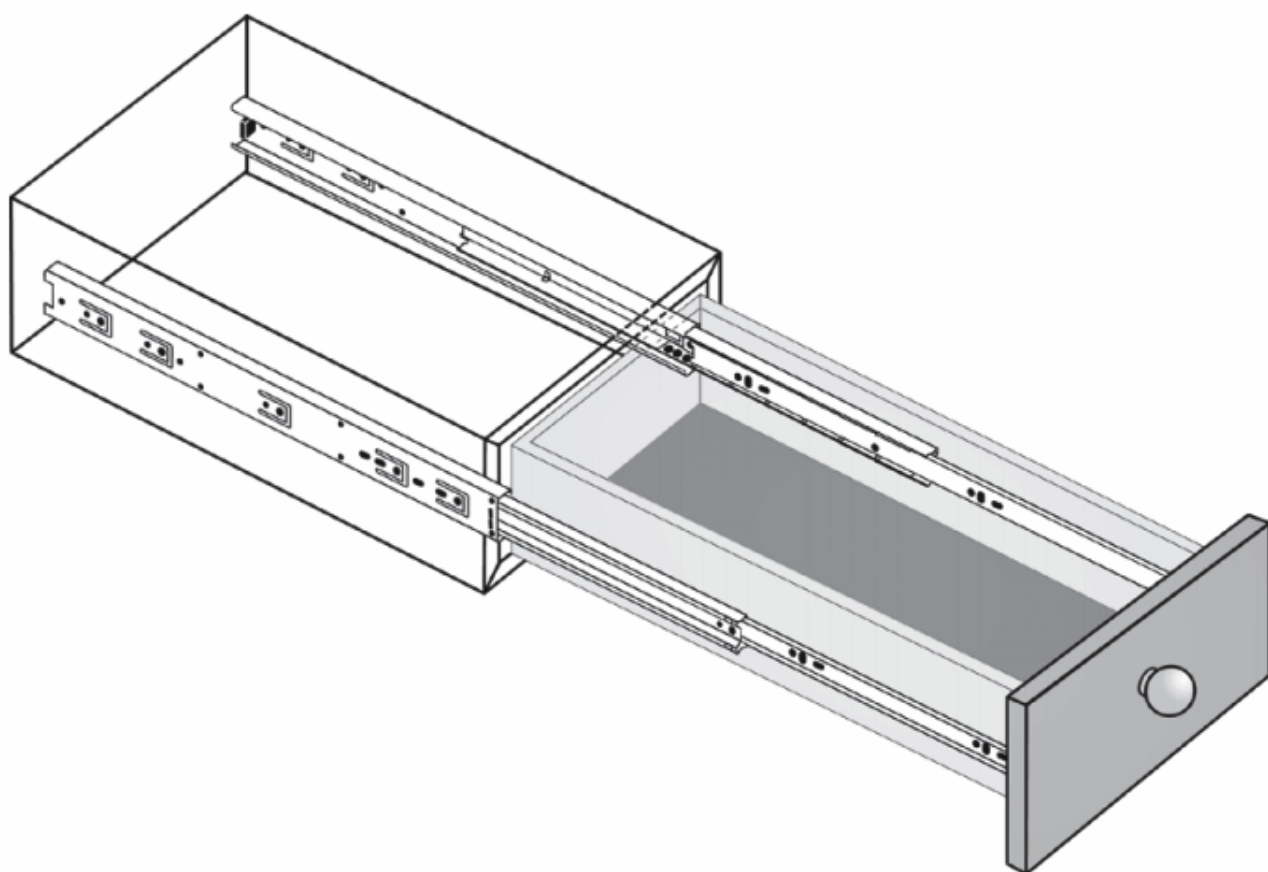

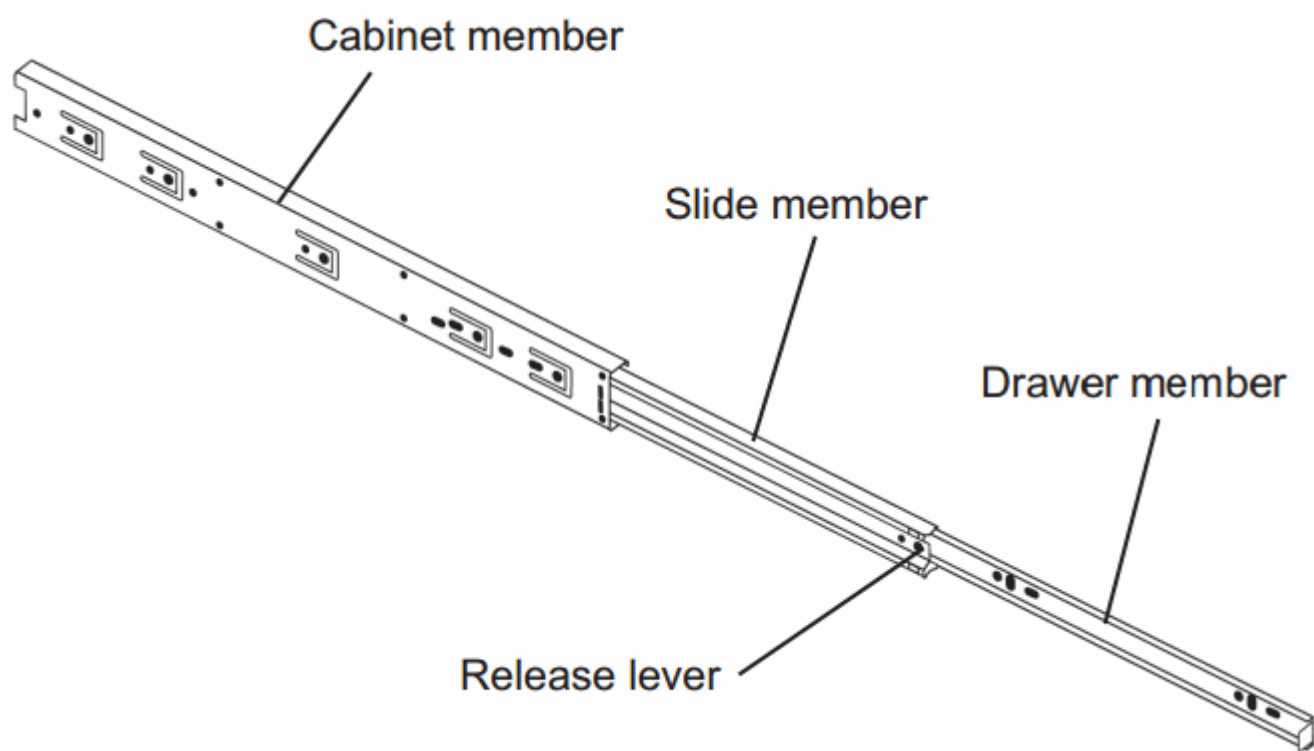

Product Images

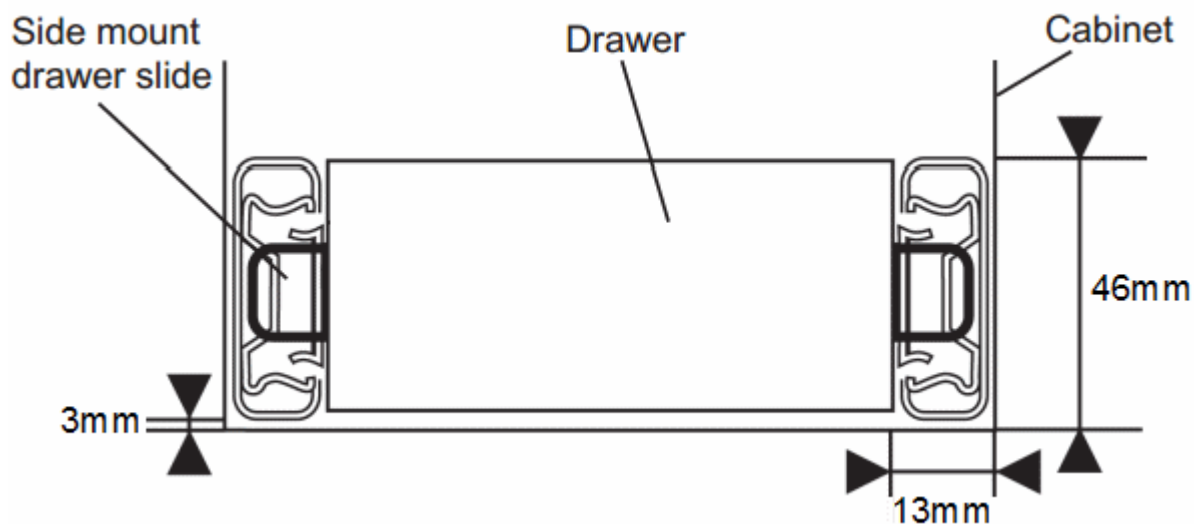

Description

- Ball bearing drawer runners with built-in soft closing mechanism.
- Soft closing on last 45 mm of closing cycle.
- Smooth and quiet operation.
- Ideal for use with kitchen drawers, wardrobes and TV units.
- Double (full) extension design allows the drawer to be pulled fully out from the cupboard / carcass.
- 36kg weight limit.
- Front disconnect feature allows the drawer to be removed from the cabinet by simply pressing the lever built into the runners.
- Hold-in feature holds the closed drawer in place.
- Cam adjuster offers installers a simple, yet precise mechanism for vertical drawer adjustment.
- Side mounted - 13mm gap required between drawer side and carcass.

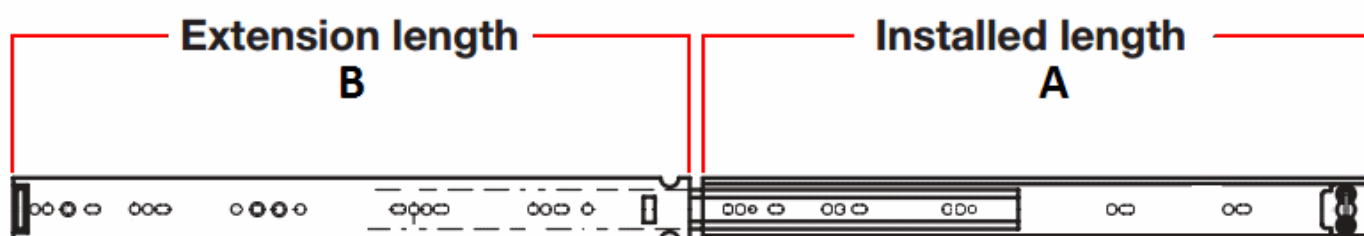

Dimensions

- Runner height - 46mm
- Runner thickness (Installation Width Required) - 13mm
