

Accessible Toilet Lock & Handle Set For Disabled WC Toilets - Satin Stainless Steel

Product Images

Description

- Toilet lock designed especially to comply with new legislation Part M, DDA & BS8300 etc.
- The accessible toilet lock operates from the outside with a lever handle to release the roller latch bolt & has a red & white indicator release, in an emergency the coin release can be turned to release the dead bolt. The outside operation is no different to any other bathroom lock & does not require instructions.
- The inside lever handle presses down to release the latch bolt & lifts up to throw the dead bolt as illustrated this is an unusual feature & therefore has a sign to read "lift handle to lock" this message is repeated in Braille.
- This unique toilet lock comes in a complete set as shown in the photographs.
