

Husky 40 - Folding Door Gear System For Bi-Folding Heavy Weight 40kg Internal Doors Up To 44mm Thick

Product Images

Description

- The Husky 40 Folding door system provides a simple and flexible solution for both medium and heavy weight residential Bi-folding doors and room dividers.
- Designed for use with internal timber doors.
- Needle roller bearing hangers provide smooth, quiet operation.
- The Henderson Husky Folding 40 can support doors of up to 40kg in weight and 750mm wide with the help of the floor channel guide included in the pack.
- Concealed fixings and robust floor gear allow the partitions to be neatly stacked to one side of the opening.
- Silent and easy to fix with attractive aluminium top track.
- Supplied with zinc plated hinges as standard, alternative finishes can be purchased separately.

Kits Available To Suit Two Leaf Bi-Folding Door Systems

Two Door System

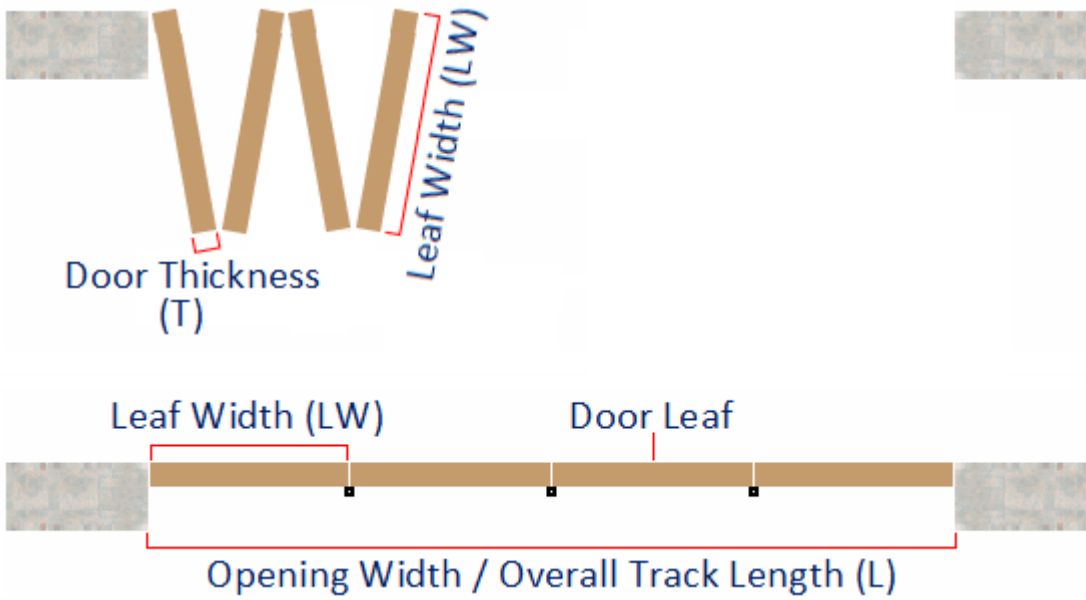

Kits Available To Suit Four Door Bi-Folding Door Systems

- Please note the 4 door kit will only allow for all 4 doors to fold in one direction (as shown in the diagram below).
- If you require 2 doors to fold to the left and 2 doors to fold to the right please contact us as additional items will need to be purchased.
