
Codelocks CL410BBS Medium Duty Back To Back Mechanical Digital Combination Lock With Lever Handles - Satin Silver

Product Images

Description

- Codelocks CL410BB back to back mechanical digital combination lock.
- Two coded plates for installation on both sides of the door. Provides coded access in both directions.
- Medium duty mechanical lock with full size lever handles
- Ideal for use in environments where a knob operated lock would be unsuitable.
- Supplied with tubular mortice latch with 'anti-shim' plunger.
- Latch retracts by turning inside handle freely, or the outside handle after code input.

- Suitable use on 30 or 60 minute fire doors. Tested in accordance with BS EN 1634-1:2008.
- If this lock is being installed on to a fire door the intumescent fire kit pack must be fitted to the mortice latch. See related product **44487**.
- Height 161mm
- Width 41mm
- Latch backset 60mm
- Outside Entry via code
- Inside Exit via handle
- Code length 4-7 digits - Non sequential
- Combinations 2000+ possible code options
- Holdback No
- Latch Standard 60mm backset
- Handed No
- Usage Medium duty
- Suitable for doors 35-65mm thick
- Easy code change
- Can be used on rebated doors with corresponding rebate
