## **Soft Close Mechanism For Sliding Door Gear Systems**

## **Product Images**

## **Description**

- Soft close mechanism for sliding door gear systems.
- This soft close pocket door mechanism is suitable for use with the '60kg 31268' / '120kg 31269' / 'Glass 31278' Sliding Door Gear
- The soft close mechanism catches the door in the last few centimeters and gently pulls it into the fully closed position thus avoiding slamming which alleviates stress on the surrounding door frame and helps prevent finger traps.
- Suitable for doors up to 80 kg in weight.
- This piece of soft close pocket door hardware can be used on the closing side, opening side or both sides if two mechanisms are purchased.
