
Symmetric - Double Door Co-ordination Kit - For Use With Sliding Timber Double Door Systems

Product Images

Description

- Double door co-ordinator mechanism to suit timber sliding double door systems.
- With this system the **opening/closing of the two doors is linked** so as you open or close one door, the other one opens or closes.
- The cable is attached to the door by means of a bracket installed centrally on top of the door.
- Maximum door weights 60kg each.
- **Suitable for use with '60kg - 31268' & '120kg - 31269' timber sliding door systems only.**

Double door co-ordinator only, no track or hanger kits are supplied with this product, please see related products for the associated sliding door tracks.
