

3 Lever Horizontal Mortice Sash Lock - 127mm or 152mm Deep Case - Polished Stainless Steel

Product Images

Description

- 3 Lever horizontal mortice sash lock
- Supplied with polished stainless steel (shiny finish) forend and strike plates
- Large style lock case available in two sizes - 127mm (5 inches) or 152mm (6 inches) deep.
- Traditional horizontal style is ideal for mortice knobs as it places the knobs far away from the door frame.
- Horizontal locks were a traditional lock often found in period properties.
- Key hole is located to the side of door knobs rather than underneath.
- Key operated dead bolt.

- Bolt through lock (38mm bolt holes) to suit bolt together handles and mortice knobs.

Operation

- Latch is withdrawn via a mortice door knob or lever handle from either side of the door (handles sold separately).
- Two way action allows un-sprung door knobs to be turned either way to withdraw the latch mechanism and open the door.
- Deadbolt is locked and un-locked via the supplied cut keys.
- Key differed - if ordering more than one lock each lock will come with different keys. (Please contact us if you would like multiple locks under the same key).

Features

- Light to medium weight springing makes this lock ideal for use with door knobs.
- Two way action allows door knobs to be turned in both directions.
- Solid brass guided latch.
- Solid brass deadbolt with anti-saw rollers.
- Bolt through facility for bolt together fixing lever handles and accessories at 38mm centres.
- 8mm x 8mm spindle follower (to suit standard UK size spindles).
- Latch can be reversed on site without taking the lock case apart.
- Supplied with 2 keys.
- Reversible frame mounted strike plate.

Security Level

- Medium security architectural range.
- Suitable for use on internal doors in residential or light commercial buildings.
- 3 lever cut keys made from zinc alloy..

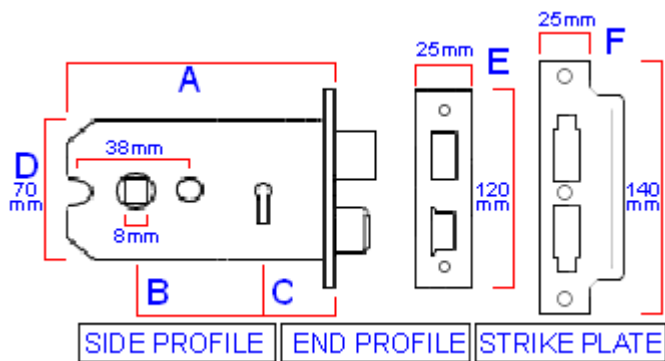

Finish

- Polished stainless steel - (shiny finish).

Alternative Finishes Available

- Satin stainless steel.
- PVD brass.
